

## 4myschools Data Protection Policy

All organisations that process *personal data* are required to comply with data protection legislation. This includes in particular the Data Protection Act 1998 (or its successor) and the EU General Data Protection Regulation (together the 'Data Protection Laws'). The Data Protection Laws give individuals (known as 'data subjects') certain rights over their *personal data* whilst imposing certain obligations on the organisations that process their data.

As a recruitment business 4myschools collects and processes both *personal data* and *sensitive personal data*. It is required to do so to comply with other legislation. It is also required to keep this data for different periods depending on the nature of the data.

This policy sets out how 4myschools implements the Data Protection Laws. It should be read in conjunction with 4myschools Data Protection Procedure.

## 1. The data protection principles

The Data Protection Laws require 4myschools acting as either *data controller* or *data processor* to process data in accordance with the principles of data protection. These require that *personal data* is:

1. Processed lawfully, fairly and in a transparent manner;
2. Collected for specified and legitimate purposes and not further processed in a manner that is incompatible with those purposes;
3. Adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed;
4. Accurate and kept up to date; every reasonable step must be taken to ensure that *personal data* that are inaccurate, having regard to the purposes for which they are processed, are erased or rectified without delay;

5. Kept for no longer than is necessary for the purposes for which the *personal data* are processed;
6. Processed in a manner that ensures appropriate security of the *personal data*, including protection against unauthorised or unlawful *processing* and against accidental loss, destruction or damage, using appropriate technical or organisational measures; and that
7. The *data controller* shall be responsible for, and be able to demonstrate, compliance with the principles.

## 2. Legal bases for processing

4myschools will only process *personal data* where it has a legal basis for doing so (see Annex A). Where the Company does not have a legal reason for *processing personal data* any processing will be a breach of the Data Protection Laws.

### Legitimate Interest

We believe it's reasonable to expect that if you are looking for employment or have posted your CV on a jobs board or professional networking site, you are happy for us to collect and otherwise use your personal data to offer or provide our recruitment services to you, share that information with prospective employers and assess your skills against our vacancies. Once a job offer is getting closer, your prospective employer may also want to double check any information you've given us (such as to confirm your references, qualifications and criminal record, to the extent that this is appropriate and in accordance with the legislation. We need to do these things so that we can function as a profit-making business, and to help you and other Candidates find work.

We want to provide you with job offers and therefore think it's reasonable for us to process your data to make sure that we send you the most relevant roles.

We must run our business smoothly, so that we can carry on providing services to Candidates. We therefore also need to use your data for our internal administrative activities, like payroll and invoicing where relevant.

From time to time, we may also ask you to undertake a customer satisfaction survey. We think this is reasonable – we believe these uses of your data to be necessary for our legitimate interests in providing recruitment services.

We have our own contractual and legal obligations, which is a legitimate interest of ours. If we believe it necessary, we may share your data in connection with crime prevention, tax authorities or for legal or contractual reasons such as litigation.

4myschools will review the *personal data* it holds on a regular basis to ensure it is being lawfully processed and is accurate, relevant and up to date and those people listed in the Appendix shall be responsible for doing this.

Before transferring *personal data* to any third party (such as past, current or prospective employers, suppliers, customers and clients, intermediaries such as umbrella companies, persons making an enquiry or complaint and any other third party (such as software solutions providers and back office support)), 4myschools will establish that it has a legal reason for making the transfer.

### Consent:

In certain circumstances, we are required to obtain your consent to the processing of your personal data, for example processing a criminal record check. Depending on exactly what we are doing with your information, this consent will be opt-in consent.

Consent must be freely given, specific, informed and unambiguous indication of the data subject's wishes by which he or she, by a statement or by a clear affirmative action, signifies agreement to the processing of personal data relating to him or her."

**Establishing, Exercising or Defending Legal Claims:**

Sometimes it may be necessary for us to process personal data in accordance with the law. This may arise for example where we need to take legal advice in relation to legal proceedings or are required by law to preserve or disclose certain information as part of the legal process.

**Client data:**

To ensure that we provide you with the best service possible, we store your personal data and/or the personal data of individual contacts at your organisation as well as keeping records of our conversations, meetings, registered jobs and placements. From time to time, we may also ask you to undertake a customer satisfaction survey. We think this is reasonable – we believe these uses of your data to be necessary for our legitimate interests in providing recruitment services.

**3. Privacy by design and by default**

The Company has implemented measures and procedures that adequately protect the privacy of individuals and ensures that data protection is integral to all *processing* activities. This includes implementing measures such as:

- data minimisation (i.e. not keeping data for longer than is necessary);
- *pseudonymisation*;
- anonymization
- cyber security
- Secure payroll portals
- Secure IT systems

The Company shall provide any information relating to data *processing* to an individual in a concise, transparent, intelligible and easily accessible form, using clear and plain language. The information shall be provided in writing, or by other means, including, where appropriate, by electronic means. The Company may provide this information orally if requested to do so by the individual.

### 1. Privacy notices

Where 4myschools collects *personal data* from the individual, the Company will give the individual a privacy notice at the time when it first obtains the *personal data*.

Where 4myschools collects *personal data* other than from the individual directly, it will give the individual a privacy notice within a reasonable period after obtaining the *personal data*, but at the latest within one month. If the Company intends to disclose the *personal data* to a third party, then the privacy notice will be issued when the *personal data* are first disclosed (if not issued sooner).

Where the Company intends to further process the *personal data* for a purpose other than that for which the data was initially collected, the Company will give the individual information on that other purpose and any relevant further information before it does the further *processing*.

### 2. Subject access requests

The individual is entitled to access their *personal data* on request from the *data controller*.

### 3. Rectification

The individual or another *data controller* at the individual's request, has the right to ask the Company to rectify any inaccurate or incomplete *personal data* concerning an individual.

If 4myschools has given the *personal data* to any third parties it will tell those third parties that it has received a request to rectify the *personal data* unless this proves impossible or involves disproportionate effort. Those third parties should also rectify the *personal data* they hold - however the Company will not be in a position to audit those third parties to ensure that the rectification has occurred.

### 4. Erasure

The individual or another *data controller* at the individual's request, has the right to ask the Company to erase an individual's *personal data*.

If 4myschools receives a request to erase it will ask the individual if s/he wants his *personal data* to be removed entirely or whether s/he is happy for his or her details to be kept on a list of individuals who do not want to be contacted in the future (for a specified period or otherwise). The Company cannot keep a record of individuals whose data it has erased so the individual may be contacted again by the 4myschools should we come into possession of the individual's *personal data* at a later date.

If 4myschools has made the data public, it shall take reasonable steps to inform other *data controllers* and *data processors processing the personal data* to erase the *personal data*, taking into account available technology and the cost of implementation.

If 4myschools has given the *personal data* to any third parties it will tell those third parties that it has received a request to erase the *personal data*, unless this proves impossible or involves disproportionate effort. Those third parties should also rectify the *personal data* they hold - however 4myschools will not be in a position to audit those third parties to ensure that the rectification has occurred.

## 5. Restriction of *processing*

The individual or a *data controller* at the individual's request, has the right to ask 4myschools to restrict its *processing* of an individual's *personal data* where:

- The individual challenges the accuracy of the *personal data*;
- The *processing* is unlawful, and the individual opposes its erasure;
- 4myschools no longer needs the *personal data* for the purposes of the *processing*, but the *personal data* is required for the establishment, exercise or defence of legal claims; or
- The individual has objected to *processing* (on the grounds of a public interest or legitimate interest) pending the verification whether the legitimate grounds of the Company override those of the individual.

If 4myschools has given the *personal data* to any third parties it will tell those third parties that it has received a request to restrict the *personal data*, unless this proves impossible or involves disproportionate effort. Those third parties should also rectify the *personal data* they hold - however 4myschools will not be in a position to audit those third parties to ensure that the rectification has occurred.

## 6. Data portability

The individual shall have the right to receive *personal data* concerning him or her, which he or she has provided to 4myschools, in a structured, commonly used and machine-readable format and have the right to transmit those data to another *data controller* in circumstances where:

- The *processing* is based on the individual's *consent* or a contract; and
- The *processing* is carried out by automated means.

Where feasible, 4myschools will send the *personal data* to a named third party on the individual's request.

## 7. Object to *processing*

The individual has the right to object to their *personal data* being processed based on a public interest or a legitimate interest. The individual will also be able to object to the *profiling* of their data based on a public interest or a legitimate interest.

4myschools shall cease *processing* unless it has compelling legitimate grounds to continue to process the *personal data* which override the individual's interests, rights and freedoms or for the establishment, exercise or defence of legal claims.

The individual has the right to object to their *personal data* for direct marketing.

## 8. Enforcement of rights

All requests regarding individual rights should be sent to the person whose details are listed in the Appendix.

4myschools shall act upon any subject access request, or any request relating to rectification, erasure, restriction, data portability or objection or automated decision-making processes or profiling within one month of receipt of the request. 4myschools may extend this period for two further months where necessary, taking into account the complexity and the number of requests.

Where 4myschools consider that a request under this section is manifestly unfounded or excessive due to the request's repetitive nature the Company may either refuse to act on the request or may charge a reasonable fee taking into account the administrative costs involved.

## 9. Automated decision making

4myschools will not subject individuals to decisions based on automated *processing* that produce a legal effect or a similarly significant effect on the individual, except where the automated decision:

- Is necessary for the entering into or performance of a contract between the *data controller* and the individual;
- Is authorised by law; or
- The individual has given their explicit *consent*.

4myschools will not carry out any automated decision-making or *profiling* using the *personal data* of a child.

- The Company has taken subsequent measures which ensure that the high risk to the rights and freedoms of the individual is no longer likely to materialise.
- It would involve disproportionate effort to tell all affected individuals. Instead, the Company shall make a public communication or similar measure to tell all affected individuals.
